

# ONE WAY LASHINGS

## Unistrap-hoop

The Unistrap hoop consists of high tensile polyester yarn and offers following advantages:

- one way strap at low cost
- high elasticity, extremely shock absorbing
- does not get rusty
- no risk of injury
- can easily be restretched
- carrying capacity as steel strap, up to 2 ts
- weatherproof
- considerably lighter than steel

# ONE WAY LASHINGS

## KEY-LOCK

### One Way Quick lashing System

WISTRA One Way Quicklashing System is an economic alternative to usual lashing straps. It is made of polyester yarn and further contains a buckle and a ratchet.

The KEY-LOCK System is mostly used for cargo stored in containers, on ships, in planes on trucks and in railway waggons. The tensioner can be used permanently and grants easy and quick lashing.
